

The Frequency War

nobulart.com/the-frequency-war/

September 14, 2021

I came across the post reproduced below on one of the oldest conspiracy forums in existence, [GodLikeProductions](#). No independent confirmation on this (other than just about every inexplicable thing that's happened in recent years).

My summary: COVID is looking like a classic frame job – the governments of the world have been tricked and coerced into supporting the agenda which will end in their destruction. So have we. The plan is, and has always been, for the vaccine deaths and injuries to foment a global revolt against all governments, creating the vacuum into which the New World Order will graciously step with their ephemeral panacea. Within this context, the “mandates” in certain sectors make more sense – the intention is to cripple the healthcare, military, civil defense and transportation sectors through walkouts and the incapacitation of those that comply. Those that refuse will walk. Those that stay will be poisoned. The net result is that these sectors are going to be decimated. I think this is by design. The complete post:

An "Elite" confided in me, what you are about to read about the covid end game will make everything crystal clear.

I will not tell you who, or why. Let's just say I spent days with this person and they have a bolthole in NZ. It's the first time I've ever 'hung out' with a known, high net worth individual (billions). It was a chance encounter after doing some work for them in Queenstown. Dinner, drinks were had, and discussions took place. I was invited to hang at their place for the weekend. I am posting this now after processing it.

They were loose lipped and open with me but did say if I mention these things, that 'we never met'. But laughed and said no one would believe it anyway, so 'have fun', just keep their identity out of it.

They said we have nothing to worry about here, so in-spite of what they told me, he told me to consider myself one of the luckiest humans alive to be in NZ right now.

They asked if I took the vax, and were relieved when I said no. They said kiwis would get the antidote anyway but some will not make it to that point. Afterall, someone had to run things here 'for them'.

I initially asked what they thought the 'end game' was for all this covid stuff. They asked me what I thought it was, with great interest, but I wasn't close.

They basically said this..

-a plan was devised many years ago, and for many years that is all it was, a plan. They had to wait many years for the technologies available to make the plan viable. And to recruit the appropriate individuals.

-This is definitely about a new global government being put in place (details will continue)

-This new global government is already in place operating for years in complete secrecy, waiting on the sidelines, moving the chess pieces.

-The new government required some of the top minds on the planet, almost all of them came on board of their own free will and with a full belief in the cause of a new world government. In their view they are brute force saving humanity at all costs. I was told those who refused were dealt to, but in most cases, they would bring the person to the wider group and through discussions, they were convinced and became committed to the cause. Most times, these 'minds' were applying for fake jobs and going through psych evals etc as a first step.

-This plan is ongoing and the most complex global chain of events ever put into motion.

THE PLAN is essentially to turn every citizen of every country, violently against their own government. How they are doing this is pure genius and pure evil.

To achieve this plan, my chance encounter asked how would I do it?.. how would you turn every citizen of every country against their own government? I really have no idea. So they laid out the basics for me.

- There must be a global engineered 'sickness'
- There must be mass fear, panic and paranoia
- Leaders, Scientists and Media must converge on consensus of a treatment
- that treatment would be essentially handed to them without them even realising it
- Initially, there can only be few 'sanctioned' treatments, all other treatments must be deemed 'dangerous, unsafe and banned'
- Leaders, Scientists and Media are manipulated, to believe this 'treatment' is the only option, the only way to keep you and your family safe.
- Leaders, Scientists and Media in a sense, give you their word that this treatment is safe and effective

- Children were also targeted to inflict maximum pain and anger when it goes bad.

I found this part interesting. Our leaders, scientists and media are NOT complicit in this plan or actually part of this plan in any way. NONE of them, not even Fauci. They are mere fodder to these elites, serving a purpose then will be "discarded" or "fed to the angry" ! They have been played.

- The few outliers who question the 'treatment' are discredited in a variety of ways and censored
- Sanctioned 'treatments' are biologics/poison that takes 2-3 years to be fully realised.
- mRNA was the advanced technology they were waiting for.
- Public messaging ensures people beg for the 'treatment' and line up for it.

We could say, the plan is well underway at this point and so far hugely successful. The mRNA uptake has been huge and the people all believe the 'treatment' is the only way back to normality.

I was told it has exceeded their wildest expectations!

WHAT NEXT?

This is where the final plan executes.

The tables turn on the vaccine narrative. I was told in time the vaccine will increase infection and increase death. That billions will die, and the people will be enraged and burn their governments to the ground. Their leaders, scientists and media will be

torched, hunted and hung in the streets. BOTH sides will burn their governments to the ground. The pro-vax side, completely betrayed and dying will rage.. the non-vax side will rage for what their gov allowed to happen.

I was also told when this happens think “Mad Max” for a while, but think of NZ “Elysium”. There are a few designated zones like NZ, but due to geography and infrastructure NZ is known as Zone 1.

Once the masses are free of government and all those who ‘betrayed’ them, and they have suffered enough. This is when the new global government will emerge as the great saviour. It will be an “easy sell” I am told.

This was my brain dump. I probably left out quite a bit. They waxed on about this but somewhat ignored direct questions.

They said they liked me and want me around when the dust settles, that I was hugely useful to them.

I dunno, part of me just thinks they were f’ing with me. I do feel better about being where I am right now.

When none are left to put out the fires, care for the sick, drive the trucks, fly the planes, protect the borders or uphold the law.. and when the children of the sleeping are taken from them, and the shock-awakened masses burn their governments to the ground for their crimes – what then? Who will fill the power void?

The transhumanist, blood-sucking new world order of course.

Anti-mandate walkouts are part of the ongoing, successful deployment of 4th gen warfare strategy against the populace of the world. Why waste bombs and bullets destroying essential infrastructure and services if you can trick the target into voluntarily shutting their own services down, leaving the valuable infrastructure intact for the use of the victors? These mandates target very specific, vital public service sectors, to much greater effect than something as crude as a flying bomb.

“The first step must be to throw people’s views into confusion, turning their concepts and ideas inside out. This is a serious thing and must be watched with care, for it is part of some highly important elements which will be the background to events now in preparation. I am choosing my words with great care. I am saying ‘in preparation’ because I am fully aware that to say ‘in preparation’, after the events which have taken place in the last three years, is something significant. Anyone who is able to see more deeply into these matters knows them to be preparations. Only superficial people can believe that this war, which is not a war of the old kind, will tomorrow or the day after be followed by a peace of the old kind. You have to be very superficial to believe this. Many will believe it, of course, if outer events appear to be in accord with the notions some people have; they will fail to realize what actually lies dormant beneath the surface.”

“Fall of the Spirits of Darkness” – Rudolf Steiner, 1917

It would seem that war has been declared on humanity. The face of the enemy is largely unseen, but there are those amongst our species who have sided with this shadow hoping to save their own skins (but they too, will be betrayed). The objective seems to be to kill as many of us as possible before we collectively awaken to what is happening, and subjugate and enslave the survivors in body, mind and soul; perhaps even going so far as to deny the release previously afforded by physical death.

Science-fiction has never been as sinister as this current reality.

There is no virus. The cellular debris from the regular functioning of our immune systems, known to microbiologists as “protein coronas”, is the patsy “virus”. The “therapy” is not what most think it is. It is a biochemical weapon, and an electromagnetic adjuvant intended to turn human beings (those that survive) into soulless subservient biological androids. This has been the dark gift of cybernetics and the transhumanist Saturnalian cult, birthed by elements of the progeny of Jove, specifically the Khazarian Mafia/European Illuminati (not to be confused with the Freemasons/Rosicrucians, who were themselves infiltrated and subverted by the former).

There is disease. Millions are getting sick and dying, but not for the reasons that most have been led to believe. We are sickening as a direct result of acute cellular and DNA damage from both non-ionising and ionising electromagnetic radiation, combined with the chronic effects of decades of psychological warfare and systematic attacks upon our immune systems through toxic pesticides, herbicides, air, water, food and pharmaceuticals; especially vaccines. A 2016 study discovered undeclared contaminants and nanoparticulates in 43 out of 44 vaccines analyzed.

Full Presentation: “Cybernetics: Intelligent Systems of Control”, Dr. Robert Duncan, Wiltshire, England, 2015.

We are being targeted with graphene-enhanced directed energy weapons. There is no better material known for manufacturing 5G antennas; Graphene oxide is a superconducting resonator in the 5G microwave and millimetre-wave frequency spectrums. Graphene has been found in all four of the main COVID vaccines, in medical saline, in hand sanitisers, in the test swabs and in the masks. It may be in drinking water, food, and even in the air that we breathe. Now they want us to inject it into our bodies – specifically into our brains – so that they can assume complete control of what will remain of the human race. I no longer think there's much effort being made to hide vaccine injuries – I now think that vaccine injury feeds on platforms such as Telegram are playing into the agenda to stoke public anger.

Copied: " Here is the comment about Moderna vax

A friend of mine, her sister works at Moderna in their vaccination production center. She says that they are all paid huge amounts of money to keep their mouth shut about whats in the vaccine and what its meant to do to the vaccinated person. She was talking about millions of USD that they each get + having to sign confidentiality agreemnts and more legal agreements. So, nobody will ever talk about it all. In short: Once you take the jab and in a matter of minutes, a "plastic-like", synthetic microscopic structure is spreading throughout the body and it invades the capillaries. It attaches itself to the most fragile, weakened internal organs you got. There, it RADIATES the organ and the whole body, 24/7. Until it gets significantly damaged. As a result, some people with heart issues will get miocarditis or a heart attack, others with benign ovarian issues will get ovarian cancer, or lungs, kidney, prostate malign issuess. She said to us that the introduction of this structure is DELIBERATE. No design error, no accident, but it is done with the exact purpose of radiating you, similar to plutonium but slower/ impossible to detect. This explains why Geiger EMF devices pick up higher levels of radiation in vaxxed people compared to those not vaccinated. This also explains why being around vaxxed people or having intimate contact with them does influence you at EM field level and you get sick, you bleed or have migrenes and have "radiation-like" symptoms which we call "shedding". Pretty much the PERFECT bio weapon. The same applies to ALL other MRNA vaccines, she said." Thanks M 🙏

Something STINKS here on Minds

So... I liked this post by [@atvguy](#). Within seconds, I am blocked by [@atvguy](#) - but I'm not, because I contacted him via Gab to ask why. He tells me he didn't block me, and within a few minutes of that his Minds account is suspended. Who are you working for [@ottman](#)?

VAERS Reported Deaths by Vaccine Type (1988-2021)

The war for the survival of humanity is well underway. Billions are still unaware that such a concept even exists. Audits, pedophiles and goldilocks saviours are all distraction and fuel to the fire of public anger. In fourth generation warfare, information (and the control thereof) grants greater utility than any other tool of the battlefield.

On the other hand, the spirits of darkness are now among us. We have to be on guard so that we may realize what is happening when we encounter them and gain a real idea of where they are to be found. The most dangerous thing you can do in the immediate future will be to give yourself up unconsciously to the influences which are definitely present. For it makes no difference to their reality whether they are recognized or unrecognized.

It will be the main concern of these spirits of darkness to bring confusion into the rightful elements which are now spreading on earth, and need to spread in such a way that the spirits of light can continue to be active in them. They will seek to push these in the wrong direction. I have already spoken of one such wrong direction, which is about as paradoxical as is possible. I have pointed out that while human bodies will develop in such a way that certain spiritualities can find room in them, the materialistic bent, which will spread more and more under the guidance of the spirits of darkness, will work against this and combat it by physical means. I have told you that the spirits of darkness are going to inspire their human hosts, in whom they will be dwelling, to find a vaccine that will drive all inclination towards spirituality out of people's souls when they are still very young, and this will happen in a roundabout way through the living body. Today, bodies are vaccinated against one thing and another; in future, children will be vaccinated with a substance which it will certainly be possible to produce, and this will make them immune, so that they do not develop foolish inclinations connected with spiritual life — 'foolish' here, of course, in the eyes of materialists.

The whole trend goes in a direction where a way will finally be found to vaccinate bodies so that these bodies will not allow the inclination towards spiritual ideas to develop and all their lives people will believe only in the physical world they perceive with the senses. Out of impulses which the medical profession gained from presumption — oh, I beg your pardon, from the consumption they themselves suffered — people are now vaccinated against consumption, and in the same way they will be vaccinated against any inclination towards spirituality. This is merely to give you a particularly striking example of many things which will come in the near and more distant future in this field — the aim being to bring confusion into the impulses which want to stream down to earth after the victory of the spirits of light.

"Fall of the Spirits of Darkness" – Rudolf Steiner, 1917
